

of personal thoughts on it. I'm not sure what the impact is going to be if this is not overridden. I, personally, am of the opinion that there is every probability that if it is not overridden that the adjustment in the amount of revenue that needs to be raised, next November, is still going to be greater than the current \$55 million. I did submit a letter to the Attorney General this morning that they had not made any conclusion as to how they would count it, nor could I be in a position to suggest how they would. It is my personal opinion, at least, that that is a probable thing to occur. Also I think it will be pointed out by others that the distribution of funds, if they are not increased, the Governor I noticed in his veto believes that there is not an adverse impact. I would be inclined to think that there may well be some adverse impact in terms of some school districts having a reduction under the new distribution formula. I think all of us are well aware of the impact of additional state aid. One can always argue the point that the increase in property tax is what you are avoiding as opposed to an actual decrease in property tax. The end result, I would suggest, is the same. I would urge the body to support the motion for overriding the veto in this area.

PRESIDENT: Question? Are there five seconds? The question is now shall debate cease. Record your vote. Record.

CLERK: 31 ayes, 7 nays.

PRESIDENT: Debate ceases. The question is shall the Governor's veto be overridden. Record your vote. Please vote promptly. Have you all voted? Please vote. Record.

CLERK: 30 ayes, 17 nays, 2 not voting.

PRESIDENT: Motion carries. Do you have anything? You have a motion of Senator Nichol's. We are under Call. Senator Newell, we're under Call.

SENATOR CHAMBERS: We're under paid, also.

PRESIDENT: Senator Nichol. Mr. Pieper, please leave the floor. We're still under Call.

SENATOR NICHOL: What is the number of that bill, Vince Brown? Mr. Brown. Mr. Chairman, I understand that it is necessary to have this, LB 431, so I'm moving for the reconsideration.

PRESIDENT: Senator DeCamp.

SENATOR DeCAMP: Still urge you to vote against it and save the \$6 million.

PRESIDENT: Senator Kahle.

SENATOR KAHLE: Mr. President, members of the body. I rise to support the move to bring this back. I think we're breaking face with the people of Nebraska. We've kicked this food tax thing around ever since the beginning of the session. We've had it as high as 24, now we're talking about going down to 16. I think the people of Nebraska deserve to get what they think they're going to get, \$20. I support the move to bring this back. Thank you.
